The Doceo Mission

Founded in August 2019 by Stephanie Lartey and Zoë Mabo, we believe that we owe it to the next generation coming up behind us to equip them with the skills they need to become the leaders of tomorrow. To achieve this we aim to instil in our students a work ethic and love of learning that will be with them for life. We know that growth doesn't happen in one place, or with one formula. Growth doesn't happen overnight, it happens over time, it takes dedication, nurturing and a mindset that embraces the process.

We are on a mission to champion continuous growth, to provide every student with opportunities, resources and practical knowledge to determine their own future. Our story has only just begun.
